Asteria University of Engineering and Applied Sciences

Leadership, institutes, departments, and academic contacts

About this directory

This fictional directory is a synthetic test document for CampusGPT document search. Asteria University of Engineering and Applied Sciences (AUEAS) is an invented institution. All people, titles, departments, and contact details below are fictional and do not describe a real university.

Academic year: 2026-2027. Main campus: Asteria City. The university offers undergraduate Bachelor of Engineering (BEng) and postgraduate Master of Engineering (MEng) degrees.

University leadership

Chancellor: Dr. Mira Sen. The Chancellor leads the university governing council and represents the institution.

Vice-Chancellor: Professor Daniel Iyer. The Vice-Chancellor is the chief academic and executive officer.

Director of Engineering: Professor Kavita Rao. The Director of Engineering oversees the School of Engineering, engineering academic standards, laboratories, and industry partnerships.

Dean of Undergraduate Studies: Dr. Nikhil Bose. The Dean coordinates BEng curriculum and undergraduate academic advising.

Dean of Graduate Studies: Professor Elena Varma. The Dean coordinates MEng admissions, graduate research, and thesis examination.

University Registrar: Ms. Asha Kulkarni. The Registrar maintains academic records, enrolment, and degree audits.

Director of Student Services: Mr. Omar Das. Student Services coordinates accessibility support, counselling referrals, and student clubs.

Institutes and schools

School of Engineering: directed by Professor Kavita Rao; responsible for all engineering departments and laboratories.

Institute of Computing and Data Systems: directed by Dr. Rohan Mehta; hosts Computer Engineering, Software Engineering, and Data Systems programs.

Institute of Sustainable Infrastructure: directed by Dr. Farah Qureshi; coordinates Civil, Environmental, and Energy Engineering.

Institute of Advanced Materials and Manufacturing: directed by Professor Samuel D Costa; coordinates Mechanical, Materials, and Industrial Engineering.

Institute of Health and Bioengineering: directed by Dr. Lila Narayanan; coordinates Biomedical Engineering and clinical design partnerships.

Departments and department heads

Department of Civil and Environmental Engineering - Chair: Dr. Priya Nair. Programs: BEng Civil Engineering, BEng Environmental Engineering, MEng Structural Systems, and MEng Sustainable Infrastructure.

Department of Computer and Software Engineering - Chair: Dr. Rohan Mehta. Programs: BEng Computer Engineering, BEng Software Engineering, MEng Artificial Intelligence Systems, and MEng Cyber-Physical Systems.

Department of Electrical and Electronic Engineering - Chair: Professor Arjun Pillai. Programs: BEng Electrical Engineering, BEng Electronics Engineering, MEng Power and Energy Systems, and MEng Embedded Systems.

Department of Mechanical and Aerospace Engineering - Chair: Dr. Hannah Joseph. Programs: BEng Mechanical Engineering, BEng Aerospace Engineering, MEng Robotics, and MEng Thermal Systems.

Department of Chemical and Materials Engineering - Chair: Professor Samuel D Costa. Programs: BEng Chemical Engineering, BEng Materials Engineering, MEng Process Systems, and MEng Advanced Materials.

Department of Industrial and Biomedical Engineering - Chair: Dr. Lila Narayanan. Programs: BEng Industrial Engineering, BEng Biomedical Engineering, MEng Operations Research, and MEng Medical Devices.

Support offices and where to ask

For BEng degree audits, contact the Office of Undergraduate Studies or the student academic advisor in the relevant department.

For MEng admissions, thesis registration, or graduate degree audits, contact the Office of Graduate Studies.

For transcripts, enrolment letters, or official graduation applications, contact the University Registrar.

For laboratory safety or equipment access, contact the relevant department laboratory coordinator. For general accessibility arrangements, contact Student Services.
